Mr. Tim Rehder
Rocky Flats Team Leader
U.S. Environmental Protection Agency, Region VIII
900 18th Street, Suite 500-EPR-FT
Denver, CO 80246-1530

Dear Mr. Rehder:

Enclosed please find a copy of the "Sampling and Analysis Plan (SAP) for Groundwater Monitoring at the Property Utilization and Disposal (PU&D) Yard" for review by the U.S. Environmental Protection Agency. A copy will also be sent to the Colorado Department of Public Health and Environment for their review. This SAP provides for monitoring well installation, groundwater sampling, and surface water sampling activities at the PU&D Yard plume project area as proposed under Technical Memorandum, Monitored Natural Attenuation of the PU&D Yard Volatile Organic Compound Plume. The objective of this SAP is to define specific data needs, sampling and analysis requirements, data handling procedures, and associated Quality Assurance/Quality Control requirements for field activities planned under this project. The Department of Energy requests agency comment response by August 7, 2000.

If you should have any questions regarding this transmittal, please contact me at (303) 966-5918 or contact Norma Castaneda of my staff at (303) 966-4226.

Sincerely,

Joseph A. Legare
Assistant Manager
for Environment and Infrastructure
